

# PAA Safety

**H – hands are the most vulnerable part of the body**

**E – eyes and ears need protection**

**A – ask for help when unsure**

**D – dress appropriately**

**S – safety devices must be used as intended**

**U**

**P**

You will create a poster, flipbook, rap, drama, etc. that provides information about the HEADS UP safety platform.

The project must accurately outline the acronym, expand or provide examples, and be creative!

## **Rubric:**

### 4 – Mastery

- Project accurately outlines the acronym
- Provides clear examples or further information
- Is exceptionally creative

### 3 – Meeting

- Project accurately outlines the acronym
- Provides an example or some further information
- Shows creativity

### 2 – Approaching

- Project outlines the acronym
- Attempts to provide an example or further information
