

## Photography Portfolio

Choose five (5) of the following topics and submit five (5) pictures on each of the topics. For each picture use the features of Photoshop CS4 to make the picture better. Show the original and the adjusted photo on a Power Point slide. Your presentation should have a title slide, 25 picture slides and an end slide. Creativity and picture quality are essential. Each picture will be worth 5 marks.

5 – Excellent picture. Tells a story.

4 – Good picture but may have some minor flaws or does not really tell a story.

3 – Average picture. An acceptable picture but does not stand out in any way. Does not really fit the category.

2 – Below Average. A poor quality picture that does not satisfy the category

1 – Poor. Bad quality and has nothing to do with the category.

0 – Not handed in.
